TOTAL WORK EXPERIENCE

10 Years

AGE

31

Summary

Strategic Project Manager & Localization Leader with 10 years of experience driving end-to-end delivery of software localization and globalization programs for global clients. Proven expertise in leading cross-functional teams, managing vendor relationships, and collaborating with global stakeholders. Recognized for driving process efficiency, reducing localization costs, and ensuring timely delivery of high-quality products. Expert in internationalization (i18n), globalization (g11n), and regulatory compliance for global markets, including WCAG accessibility standards.

Career Highlights

I have achieved several career highlights that have shown my expertise and contributed to the success of the organizations I've worked with. Some of these highlights include:

- 10 years of experience in the localization industry, with **6 years in a leadership role, managing end-to-end multilingual programs.**
- Designed and deployed project dashboards ([Reports and Dashboards](#)) in **Power BI to track budgets, vendor performance, and KPIs**, giving leadership real-time visibility into project health.
- Delivered programs across software, website, e-learning, and video localization with consistent** on-time, high-quality releases.
- Worked on AI/ML-driven automation to improve translation quality and integrated these checks into [CI/CD pipelines using GitHub Actions](#) to reduce manual effort.
- Hands-on experience with CAT and TMS tools (**GlobalLink, GitHub, SDL Trados**) and CMS platforms (WordPress, Madcap).
- Reviewed UI/UX flows** and app requirements to ensure translations are accurate, consistent, and display correctly across languages (including text expansion, RTL, and formatting).

Core Skills

- Project Management:** Agile, Waterfall, SDLC, RAID Management, Stakeholder Management, Budget Tracking, Risk Mitigation.
- Localization & i18n:** Internationalization (i18n), Localization (l10n), Globalization (g11n), Machine Translation, Pseudo-localization, LQA, RTL/LTR, Text Expansion.
- Tools & Technologies:** Jira, Git, GitHub Actions, Bitbucket, SDL Trados, GlobalLink, Passolo, Articulate Storyline 360.
- Automation & Engineering:** Python, VBA, Regex, CI/CD, Workflow Automation, File Processing
- Data Analysis & BI:** Power BI, KPI Tracking, Performance Analytics.

Professional Experience

THE BIGWORD PVT LTD.
